

The purpose of this note is to ask you not to replace K-LOVE with an LPFM broadcaster. K-LOVE provides wholesome, positive entertainment to our community, there is not a similar alternative available and K-LOVE'S absence would be sorely missed by our family and the community as a whole. Right now we turn K-LOVE on in the morning and listen to it in the car, at work, and at night until we go to bed. Thank you for your consideration.
